

Interview with our Sylph Olga Borisova-Pračikovou: April 2014.

"Sylph was never my dream role, but once I started studying it, I immediately fell in love. The rehearsals with Karina Elver have been very challenging and at times also funny, because Karina is amazing with gestures and acting. When we modeled the characters, I could not take my eyes from her. But on the other hand, there is no excuse you have to insist hard with yourself. Certain details we had to try five times in a row, therefore I think the staging is really great! "
