To Whom It May Concern:

It gives me Era Jouralev – Head of classical Ballet Studies at the Joffrey Ballet School NYC, great pleasure to recommend Ms. Karina Elver for an O-1 artist visa.

I have had the opportunity to work with Ms. Elver for the past two years at the Gelsey Kirkland Academy.

Ms. Elver is well known all over the world for her expertise in the style of Bournonville technique. Her expertise and dedication to the art and the knowledge she passes on to the dancers is phenomenal.

She gives the dancer the tools to understand and achieve a high level of excellence in the Bournonville technique.

Ms. Elver would be an asset to the dance world.

Sincerely,

*Era Jouralev*
